&

**People Who Perform  
Changeovers In Your  
Company**

## Introduction

**A unique 2 days' Workshop on Effective Quick Change Over using the Formula 1 Methodology.** This powerful course teaches delegates the concepts and implementation skills necessary to implement and manage Quick Change Over.

**Understand how changeovers within SONY were reduced from over 6 hours to less than 10 minutes with our training, assistance and implementation!**

Participants learn how the steps in Single Minute Exchange of Dies (SMED) contribute to reducing the change over time dramatically, including additional benefits from the SMED system like: Reduce Waste-Shorter Lead Times-Minimum Defects-Minimum Inventory.

This training focuses on the basic program principles and how these can be translated into daily (operating) practice. Furthermore, this training course enables delegates to concentrate on consolidating the skill-sets that are most appropriate for their company.

## What makes this course unique?

The course material is based on current best practice from leading worldwide companies. We have more than 20 years' experience working throughout the World in Operational Excellence program implementation in the Food Industry, Automotive, Pharmaceutical, Aerospace, Energy, Retail, Defense, Electronics, Laboratories and Logistics Industries.

## Course Objectives

- Introduce delegates to the concepts of Achieving Quick Change Over
- Provide the participants with the understanding and techniques for an effective implementation
- The additional benefits from Change Over time reduction
- Companies that already have started their journey learn about key steps on how to manage and improve the day-to-day activities.

**PRODUCTIVITY**  
— TRAINING —

## Contents
